

I am a senior student at Erzincan Binali Yildirim university and I am currently studying for my fall and spring semester here at the College of Law in Latvia. I do not regret that I chose Latvia for my studies. The main reasons are that I fell in love with the city of Riga and I was very impressed by the calm and clean nature and the tolerance of the people. Another thing I love about Riga is that although it is a small city, its nightlife is very lively.

I loved my school. The interest of my teachers and coordinator made me very happy. I hope we'll have a great year with them. I haven't been to Latvia's coastal cities yet, but I have been in the old town of Riga and it is an incredible place. I will be going to other provinces like Jūrmala, Liepāja as soon as possible. I can't wait to watch the sunset especially in Jurmala. I actually like everything about Riga, except that it's cold.

When I return to my home country, I have no doubt that I will use only words of praise when talking about Riga and Latvia.
